

## Requirement Name: Adding Personal Resources to the Development Plan

**Requirement Description:** Please allow each IT Skill Builder user the ability to add an item not currently available within the IT Skill Builder Resource Library to their Development plan. This will be referred to as Personal Resource. The user should have the ability to add multiple personal resources by displaying another + icon appearing after completing the previous Personal Resource.

The Development Plan screen should remain dynamic, allowing each newly added Personal Resource to display as it is entered. The user would add their Personal Resource by clicking on the + button that says “Add a Personal Resource” when you hover over it. Upon clicking on this button a free text field (255 characters highlighting any spelling errors) will display along with a calendar picker to select their “Date”. Finally the current “Click to Complete” button will become a “Click to Add” button with another + sign to its right. Upon adding, the “Click to complete button” will appear so they user can complete at their discretion.

Any Personal Resources added will display on the “Print Plan” view.

The screenshot displays a user interface for managing a development plan. It features a list of resources, each with an icon, a title, a date field, and a 'Click to Complete' button. The resources are:

- Read your company's earnings announcements and listen in on the earnings call.** (User icon) Date: Jul 1, 2015. Button: Click to Complete ✓
- Traditionally, IT departments have focused on building applications and running IT operations.** (User icon) Date: [empty]. Button: Click to Complete ✓
- Management Information Systems for the Information Age** (Book icon) Date: [empty]. Button: Click to Complete ✓
- The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant Technologies** (Book icon) Date: [empty]. Button: Click to Complete ✓
- Free text, 255 characters** (Green plus icon) Date: [empty]. Button: Click to Add + ✓

Below the list is a section titled **My Notes:** with a large text area and an **Add Notes** button.
